

## § 622.272

postmarked not later than 7 days after the end of each month. Information to be reported is indicated on the form and its accompanying instructions.

(c) *Dealers.* (1) A dealer who has been issued a permit for Atlantic dolphin and wahoo, as required under § 622.270(d)(1), and who is selected by the SRD must provide information on receipts of Atlantic dolphin and wahoo and prices paid on forms available from the SRD. The required information must be submitted to the SRD at monthly intervals postmarked not later than 5 days after the end of each month. Reporting frequencies and reporting deadlines may be modified upon notification by the SRD.

(2) For the purposes of paragraph (c)(1) of this section, in the states from Maine through Virginia, or in the waters off those states, “SRD” means the Science and Research Director, Northeast Fisheries Science Center, NMFS, (see Table 1 of § 600.502 of this chapter), or a designee.

(3) On demand, a dealer who has been issued a dealer permit for Atlantic dolphin and wahoo, as required under § 622.270(d)(1), must make available to an authorized officer all records of offloadings, purchases, or sales of dolphin and wahoo.

### § 622.272 Authorized gear.

(a) *Atlantic dolphin and wahoo*—(1) *Authorized gear.* The following are the only authorized gear types in the fisheries for dolphin and wahoo in the Atlantic EEZ: Automatic reel, bandit gear, handline, pelagic longline, rod and reel, and spearfishing gear (including powerheads). A person aboard a vessel in the Atlantic EEZ that has on board gear types other than authorized gear types may not possess a dolphin or wahoo.

(2) [Reserved]

(b) [Reserved]

### § 622.273 Conservation measures for protected species.

(a) *Atlantic dolphin and wahoo pelagic longliners.* The owner or operator of a vessel for which a commercial permit for Atlantic dolphin and wahoo has been issued, as required under § 622.270(a)(1), and that has on board a pelagic longline must post inside the

## 50 CFR Ch. VI (10–1–13 Edition)

wheelhouse the sea turtle handling and release guidelines provided by NMFS. Such owner or operator must also comply with the sea turtle bycatch mitigation measures, including gear requirements and sea turtle handling requirements, as specified in § 635.21(c)(5)(i) and (ii) of this chapter, respectively. For the purpose of this paragraph, a vessel is considered to have pelagic longline gear on board when a power-operated longline hauler, a mainline, floats capable of supporting the mainline, and leaders (gangions) with hooks are on board. Removal of any one of these elements constitutes removal of pelagic longline gear.

(b) [Reserved]

### § 622.274 Pelagic longline closed areas.

(a) If pelagic longline gear is on board a vessel, a person aboard such vessel may not fish for or retain a dolphin or wahoo—

(1) In the Northeastern United States closed area from June 1 through June 30 each year. The Northeastern United States closed area is that portion of the EEZ between 40° N. lat. and 39° N. lat. from 68° W. long. to 74° W. long.

(2) In the Charleston Bump closed area from February 1 through April 30 each year. The Charleston Bump closed area is that portion of the EEZ off North Carolina, South Carolina, and Georgia between 34° N. lat. and 31° N. lat. and west of 76° W. long.

(3) In the East Florida Coast closed area year round. The East Florida Coast closed area is that portion of the EEZ off Georgia and the east coast of Florida from the inner boundary of the EEZ at 31° N. lat.; thence due east to 78° W. long.; thence by a rhumb line to 28°17' N. lat., 79°12' W. long.; thence proceeding in a southerly direction along the outer boundary of the EEZ to 24° N. lat.; thence due west to 24° N. lat., 81°47' W. long.; thence due north to the innermost boundary of the EEZ at 81°47' W. long.

(b) A vessel is considered to have pelagic longline gear on board when a power-operated longline hauler, a mainline, floats capable of supporting the mainline, and gangions with hooks are on board. Removal of any one of these elements constitutes removal of pelagic longline gear.

(c) If a vessel is in a closed area during a time specified in paragraph (a) of this section with pelagic longline gear on board, it is a rebuttable presumption that fish on board such vessel were taken with pelagic longline gear in the closed area.

#### § 622.275 Size limits.

All size limits in this section are minimum size limits unless specified otherwise. A fish not in compliance with its size limit, as specified in this section, in or from the Atlantic EEZ, may not be possessed, sold, or purchased. A fish not in compliance with its size limit must be released immediately with a minimum of harm. The operator of a vessel that fishes in the EEZ is responsible for ensuring that fish on board are in compliance with the size limits specified in this section.

(a) *Dolphin in the Atlantic off Florida, Georgia, and South Carolina*—20 inches (50.8 cm), fork length.

(b) [Reserved]

#### § 622.276 Landing fish intact.

(a) Dolphin and wahoo in or from the Atlantic EEZ must be maintained with head and fins intact. Such fish may be eviscerated, gilled, and scaled, but must otherwise be maintained in a whole condition.

(b) The operator of a vessel that fishes in the EEZ is responsible for ensuring that fish on that vessel in the EEZ are maintained intact and, if taken from the EEZ, are maintained intact through offloading ashore, as specified in this section.

#### § 622.277 Bag and possession limits.

Section 622.11(a) provides the general applicability for bag and possession limits.

(a) *Atlantic dolphin and wahoo*. Bag and possession limits are as follows:

(1) Dolphin—10, not to exceed 60 per vessel, whichever is less, except, on board a headboat, 10 per paying passenger.

(2) Wahoo—2.

(b) [Reserved]

#### § 622.278 Commercial trip limits.

Commercial trip limits are limits on the amount of Atlantic dolphin and wahoo that may be possessed on board

or landed, purchased, or sold from a vessel per day. A person who fishes in the EEZ may not combine a trip limit specified in this section with any trip or possession limit applicable to state waters. A species subject to a trip limit specified in this section taken in the EEZ may not be transferred at sea, regardless of where such transfer takes place, and such species may not be transferred in the EEZ. Commercial trip limits apply as follows (all weights are round or eviscerated weights unless specified otherwise):

(a) *Atlantic dolphin and wahoo*. (1) The trip limit for wahoo in or from the Atlantic EEZ is 500 lb (227 kg). This trip limit applies to a vessel that has a Federal commercial permit for Atlantic dolphin and wahoo, provided that the vessel is not operating as a charter vessel or headboat.

(2) The trip limit for a vessel that does not have a Federal commercial vessel permit for Atlantic dolphin and wahoo but has a Federal commercial vessel permit in any other fishery is 200 lb (91 kg) of dolphin and wahoo, combined, provided that all fishing on and landings from that trip are north of 39° N. lat. (A charter vessel/headboat permit is not a commercial vessel permit.)

(b) [Reserved]

#### § 622.279 Restrictions on sale/purchase.

(a) *Atlantic dolphin and wahoo*. (1) A person may sell dolphin or wahoo harvested in the Atlantic EEZ only if it is harvested by a vessel that has a commercial permit for Atlantic dolphin and wahoo, as required under § 622.270(a)(1), or by a vessel authorized a 200-lb (91-kg) trip limit for dolphin or wahoo, as specified in § 622.278(a)(2), and only to a dealer who has a permit for Atlantic dolphin or wahoo, as required under § 622.270(d)(1).

(2) In addition to the provisions of paragraph (a)(1) of this section, a person may not sell dolphin or wahoo possessed under the bag limit harvested in the Atlantic EEZ by a vessel while it is operating as a charter vessel or headboat. A dolphin or wahoo harvested or possessed by a vessel that is operating as a charter vessel or headboat with a Federal charter vessel/headboat permit for Atlantic dolphin
